

AFLC Work in India A Light Shining in a Dark Place

India could be called a dark place spiritually. It is a place where only two percent of the people are Christian, and the rest are predominantly Hindu. Yet there is a light glowing there, shining the Good News of salvation in Christ. It is the AFLC work going on in India.

It affects people like Jyothi. Jyothi lives at the Horeb Children's Home run by the Association of Free Lutheran Congregations of India. Jyothi is not an orphan, but her parents are poor and not in a position to feed her well and give her a good education. Living at the Horeb Children's Home she receives an education at St. Paul's Lutheran School, and regularly hears about the love of Christ. It is our prayer that the time spent in the children's home will change her life and the lives of generations to come.

A VBS can support a child at the Horeb Children's Home for \$20.00 a month or give a one time gift that will support children without supporters. Your gift will allow children to hear the Good News of Christ. You will be a light shining in a dark place.
